

2017 was a year of great things for the Venturers in The Lower North Shore/Mosman Area. The Combined unit for terms 1-3 split off and started meeting on Wednesdays and Friday, so as to allow for more people to attend. We are now trailing Monday and Fridays to see if it improves numbers, and so far it has.

From 1st Mosman we haven't had anyone turn 18, but from other groups in the joint unit there have been a few who are slowly trickling through to Rovers.

Venturer Numbers attached to 1st Mosman Stands at 1 Venturer, 1 Venturer Leader and 1 Assistant Venturer Leader in Training, but join into the District unit has at least 15 members meeting on various nights during the week and is growing as there are more members from the northern end of the district turning 15.

One thing to note, they were not from 1st Mosman, but 2 Venturers in the District also got their Queen Scout Awards, so its great to see people in the district aim for the high awards.

We have almost 15 + kids from the Joint unit heading to Dragon Skin next weekend, so it should be a blast!!

Thanks again to 1st Mosman for their support.

Thanks

Liam Painter
Venturer Leader 1st Mosman
